Sub-processors

Outside services that handle data for EasySeer.

A sub-processor is an outside service that handles user data for EasySeer. We list a new one here 30 days before it starts.

Current list

Service	What it does	Data it sees	Where
Razorpay	Takes payment	Name, email, amount	India
Google Workspace	Sends our email	Email address and message	Chosen by Google
Hetzner	Hosts the website	Account data and visit logs	Germany
Research Flow service	Runs your projects	Account details and credits	India
Anthropic (Claude)	Writes drafts	What you send, under your own Claude account	Under your own account's terms
Google Analytics	Counts website visits	Visit data, only with your consent	Chosen by Google

Notes

- EasySeer does not keep your concept, files, data or project outputs.
- We do not sell user data or share it for advertising.

EasySeer is an AI tool. Built to follow academic ethics. No promise of better results, acceptance or publication.
